About Me

Hi, I'm a full stack web developer with over 1.5 years of experience. I have a knack for solving problems and making things work. I am confident that my experience in software development and my ability to deliver results will make me an asset to your organization.

Experience

Bright Media Solution, May 2022 - Present

Junior Software Developer

I was responsible for creating a website from scratch using React, Node.js, and MongoDB. The website was designed to help clients schedule and plan media for their channel. During my tenure, I demonstrated my ability to work well in a team environment and delivered high-quality outcomes.
